WOMAN BEATEN BY NEGRO

Beaten into insensibility yesterday by a negro who knocked her to the floor by striking her over the head with a heavy vinegar bottle...

When the aged woman lay unconscious on the floor the negro hurried the bottle with such force at the front a form that it broke, and particles of glass entered the woman's face...

On being admitted to the institution the aged victim was placed on an operating table. The left ear was almost severed, and several long, deep gashes extend the length of the face...

Great Lovers of Water. The Siamese are more devoted to the water than any other nation in the world. They are nearly always bathing, generally with their clothes on...

The Sorrow of It. "It's too bad," observed the man who seemed to be thinking aloud. "What's too bad?" queried the party who had overheard the observation...

The Weather. "Do you think there is any reliable way of foretelling the weather?" "Yes," answered Farmer Cornoseel. "Yes, think of the kind you don't want and then prophesy it..."

Full of It. Mrs. Caterby—In a short time now we will do all our heating by alcohol. Caterby—That's good. All we'll have to do will be to connect your Uncle Jake to the furnace and range.—Life.

Foolish Question. "Why, my boy, did you fall in that open coal hole?" "No, course not. I was in here, an' they built a pavement over me."—Illustrated Bits.

By the streets of "by and by" one arrives at the house of "never."—Cervantes.

SNOWDRIFT HOGLESS LARD. By every test the very best! Why? Because it's refined by our own exclusive Wesson process, ensuring the wholesomeness of Nature with the purity of science—the satisfactory combination of Nature and art in manufacture. No other cooking-fat is anywhere near so good, because none other can contain the best of Nature purified by the Wesson process. All other cooking-fats must be inferior. Beware of imitations.
